

Hidalco DC Spark Tester

Specification:

Input Voltage : 220V AC 50Hz.

Output Voltage : ST-12DC 0 to 12 KVDC

Hi-Voltage Chamber size: 20cm x 14cm x 9cm

Wire speed : up to 500 meter/minute

Alarm : high Audio Siren + visual indicating lamp

Digital resettable LCD digital counter for counting pinholes

Chain block length : 8cms.

Steel mounting stud

Replaceable spare chain block

size : including H.V. chamber 35cm x 52cm x 25cm

weight : 15 kg. approx.

Chain width : 45mm
